Jl. R.A. Kartini No. 161

I am a Computer Science student with a strong interest in software engineering and web development. I have experience building and managing projects that involve both technical problem-solving and creative solutions. Alongside my technical journey, I am actively involved in organizational activities that strengthen my leadership, teamwork, and communication skills. Combining my passion for technology, adaptability, and collaborative mindset, I am eager to contribute to innovative projects in the field of software and web development.
